

LE PIETRE DI  
SAMARCANDA

Colori tenui si armonizzano gli uni con gli altri attraverso trame e pose sempre diverse che caratterizzano creativamente l'ambiente.

Soft colours harmonise with each other, in a multi-layered pattern that characterises a creative environment.

Zarte Farben harmonisieren miteinander in einer Vielfalt an Mustern und Verlegeschemen zur kreativen Gestaltung des Raums.

Des coloris délicats en harmonie les uns avec les autres grâce à des trames et des poses toujours différentes qui caractérisent les pièces avec créativité.

Los colores tenues se armonizan los unos con los otros a través de tramas y colocaciones diferentes en cada ocasión otorgando así, de manera creativa, una personalidad particular al ambiente.

Мягки цвета гармонично сочетаются друг с другом всегда разным рисунком и укладкой, которые придают помещению творческую индивидуальность.
